

MINI LEVEL 10CM PROLINE HD

PRODUCT FEATURES

Pocket level from the PROLINE HD series, made of an ergonomic rectangular aluminum profile, additionally shaped. Milled bottom working surface, ensuring perfect contact of the product with the ground. The spirit level is equipped with 1 vial (0°) ensuring measurement accuracy of 0.5mm/1 m. Equipped with special caps made of TPR material, absorbing the impact force when the level falls vertically from a height. Equipped with very strong magnets. Additionally, it has a measurement print that makes it much easier to mark points at the right distance. Powder coated body. Sold in a display unit of 10 pcs.
